I. Course Description

Will provide the students with a general introduction to Spanish language through conversation. Students should have a foundation in Spanish and will be challenged to continue their learning process through regular conversation with other learners of Spanish. Students will utilize children's books in Spanish to stimulate conversations focused on daily life. Students will have weekly vocabulary lists which will be tested to ensure mastery.

II. Student Expectations

Students will have daily vocabulary practice in addition to sentence patterns. Teacher expects the student to work for this class on average for 30 minutes a day.

III. Required Materials

To be determined. The teacher will provide additional information later this spring.

IV. Helper Info: One helper.
