

Learning Science through Literature

Thursdays: 10:10 – 11:10

Grade Level: 1-2

Teacher: Stacey Thomas
thomasfamily11223@gmail.com

Student Fee: \$35

Class Size: 15

Course Description: In this class, your child will enjoy science through literature. We have selected all new books for the second year of this course. Following the Five in a Row concept, each week, we'll read a book and complete a hands-on science activity related to the book. We will also include some geography concepts and occasional art projects to go along with the books.

Homework Requirements: No homework will be assigned. On rare occasions, the kids may be asked to complete a project not finished during class time.

Required Supplies: Students are asked to bring a 1" binder on the first day of class.

Helper Information: Two additional helpers will be needed.
